

Consultancy services

ACAVA brings over 30 years experience of establishing studio buildings, galleries and educational and community projects to its consultancy services.

That experience ranges from designing and building outstanding premises to reusing obsolete ones, and from ownership to short term leases. Our aim is to create vibrant communities of artists and facilitate their engagement with their wider communities, and to advise others with similar goals.

For advice or to discuss consultancy needs contact Tom Holley on [hello \(at\) acava \(dot\) org](mailto:hello@acava.org)
