

New Artists' Studio Opportunity in Burnham on Crouch

After 25 years of dereliction the Burnham on Crouch Station House has been refurbished with sponsorship by Abellio Greater Anglia and funding from Essex County Council. Once the building works have been completed Burnham Town Council will be taking on the management of the Station House to provide facilities for community groups and artists.

The Station House will include 2 studios for artists, community space, meeting rooms and offices for hire with kitchen facilities. Applications are now being sought from professional Essex based artists who would like a studio to develop their practice and also we willing to contribute to the town's community through participating in Burnham Art Trail and/or offering workshops or artist talks.

The studios will be let at £6.12/sq ft/annum, inclusive of all costs except separately metered electricity, the two studios of 136 and 143 sq ft (12.7 and 13.3 sq m) costing £70 and £74 per month respectively. Artists will be required to have their own Public Liability Insurance.

Those interested should obtain an application form from Lindsey.Strange@essex.gov.uk [1] for return to her by the deadline of 10am 13 May 2015.
