

Flourish Arts and Wellbeing Sessions update

We are pleased to announce new dates for Flourish Arts and Wellbeing sessions over the winter holidays, and plans for Spring Term 2018 and beyond.

Over the winter break we will be running workshops for families at The Curve ([full details on this page](#) [1]).

Commencing February Half Term, Flourish will return to ACAVA Maxilla Studios. Each school holiday between February 2018 and October 2018 we will be running workshops for families lead by professional artists. There will opportunities for you explore new art techniques, work collaboratively and make weird and wonderful creations.

The February programme will be announced in January, so watch this website for updates.

In the meantime we will be running Flourish Arts and Wellbeing sessions for families directly and indirectly affected by Grenfell Tower fire at The Curve, Grenfell Assistance Centre, during the school holidays this winter. All welcome and no booking necessary, just turn up.

Finally, we send warm wishes to all our Flourish families and subscribers for a peaceful festive holiday and we look forward to seeing you all in 2018.
