

## **Codex: Tina Jenkins and Mark Nader at Studio One Gallery**

Studio One Gallery at our Collective Studios brings together an exhibition of work by Tina Jenkins and Mark Nader which outlines centuries of skewed visual language.

Tina Jenkins and Mark Nader's work negotiates historical and cultural iconography that culminates into a visual assault and mismatch of gestures. In this show we see these two artists re-writing banal and familiar language mythologized through the act of painting, as they assume the position of the orator and self styled archivist.
