

## Studio Enquiry Form

The studio enquiry form, below, should be used to apply for a specific currently available studio – not to enquire about general studio availability.

If you want to be informed about general studio availability then please sign up to the studio availability mailing list.

Please note, we currently have very few studios available in London. Our overall studio occupancy rate is above 98%. However, studios do become available from time to time and anyone can apply.

### Please read the guidance below:

- The [available studios section \[1\]](#) of this website is an up to date listing of currently available studios.
- Sign up to the [studio availability mailing list \[2\]](#) to receive the latest updates of when studios become available.
- Please read the [studios frequently asked questions \[3\]](#) (FAQs) section of this website for information and guidance about our studios, including making an application for an ACAVA studio.
