4. **ACAVA is an educational charity. We are able to provide studios and facilities at subsidised rates because we provide public benefit through a variety of educational initiatives. All members must support these objectives in principle and in allowing public access through Open Studios, usually 2/3 days per year. Further involvement with ACAVA projects is optional, dependant on individual choice and is paid. We need, however, to register your experience and potential interest in education projects. Although you will be providing us with a CV, we regularly search our database to find artists with appropriate backgrounds for project work and therefore initially need details in the following format.**

**Please indicate on page 3 those areas in which you have experience by ticking the “Experienced” box and outline this work in the “Brief details” box, showing where, with whom and in what media you worked. Also, whether you have previous experience or not, give an indication of your possible interest in our education and project work by ticking the box marked “Potentially Interested in ACAVA projects”.**
